APPENDIX K - MENTAL HEALTH SERVICES REPORT DATA (DEFINITIONS)

Indictor	Definition
Total # of Sick call requests from offenders	# of official sick call requests reported as received by the mental health department during the reporting period
Total # of routine mental health clinician visits	# of completed Routine Mental Health Visits based on the completion of the official routine mental health visit progress note/form, and recorded in daily log during the reporting period
Total # of segregation rounds	# of inmates seen by a clinician doing segregation round notes, recorded on daily log during the reporting period
Total # of referrals from medical/DOC/other	# of written staff referral forms received from medical, security, or other staff, generally produced in DACS but sometimes handwritten, recorded on daily log during the reporting period
Total # Mental Health comprehensive evaluations	# of Comprehensive Mental Health Evaluations (CMHE) completed by clinical staff, recorded on daily log during the reporting period
Total # individual practitioner visits	# of visits by psychiatric providers (psychiatrist or nurse practitioner) who see an inmate face to face for any type of evaluation or routine visit, recorded on provider log during the reporting period
Total # forced medication	# of instances requiring the forceful administration of involuntary medications, recorded on Treatment Review Committee (TRC) log during the reporting period
Total # of offenders on Involuntary Medication	# of inmates prescribed non-emergency involuntary medication, under DOC policy 11-I-02.1, recorded on Treatment Review Committee log during the reporting period
Total # of incidents involving restraints	# of times clinical therapeutic restraints were used on an inmate for mental health related incidents, including chemical and physical restraints under DOC Policy 11-I-1.1, recorded in restraint log during the reporting period
Total # non-scheduled crisis visits	# of visits conducted by clinical staff, which were unscheduled, unexpected, or referred emergently, recorded on daily log during the reporting period
Total # of Psychology individual visits	# of clinical visits conducted by a psychologist, including any and all clinical interactions, recorded on psychologist log during the reporting period
Total # Mental Health groups	# of groups conducted by clinical staff, recorded on clinical log during the reporting period
Total # of offenders in Mental Health groups	# of unique participants who attended at least one group session during the time assessed, recorded on clinical logs during the reporting period
Total # of offenders on Mental Health caseload	# of total of inmates who are or were active during the month on the Mental Health roster during the reporting period
Total # of intake Mental Health assessments	# of inmates who were seen for an initial mental health assessment, which includes completion of a Comprehensive Mental Health Evaluation, education and referral for follow up when appropriate, and discharge planning, recorded on daily log during the reporting period
Total # DOC/parole evaluations	# of inmates who were evaluated in the context of providing summaries of treatment and current functioning for purposes of informing decisions regarding Parole, Pardon, or Commutation of sentences, recorded on evaluation log during the reporting period

APPENDIX K - MENTAL HEALTH SERVICES REPORT DATA (DEFINITIONS)

Indictor	Definition
Total # of offenders on Special Needs List	# of inmates on special needs roster, defined as having unique medical and/or mental health needs, reviewed regularly by the Site Special Needs Committee, recorded on daily log and weekly special needs roster during the reporting period
Total # of discharge planning completed	# of discharge plans clinicians completed for the month, recorded on clinician and daily logs during the reporting period
Total # of admissions to infirmary (PCO)	# of inmates placed on Psychiatric Close Observation (PCO) in the infirmary, recorded on PCO and Level log during the reporting period
Total # of PCO placements (non-infirmary)	# of inmates placed on Psychiatric Close Observation (PCO) in areas other than the infirmary, recorded on PCO and Level log during the reporting period
Total # of attempted suicides	# of unsuccessful suicide attempts or intentional self-injury, recorded on PCO and Level log, and reported to the Morbidity and Mortality Review Committee during the reporting period
Total # of completed suicides	# of suicide attempts that were successful, recorded on PCO and Level log, and reported to the Morbidity and Mortality Review Committee during the reporting period
Total # of days for all PCO Placement	# of combined PCO days from infirmary and non-infirmary placement, used to determine Average length of stay on PCO only, recorded on PCO log during the reporting period
Total # of TRC-Non-Emergency Committees Forced Medications	# of Treatment Review Committee (TRC) meetings held to consider the use of non-emergency involuntary medications under policy 11-I-02.1, recorded on TRC log during the reporting period
Total # of TRC-Specialized Mental Health Care (DPC)	# of Treatment Review Committee meetings held to consider transfer to higher level of care at Delaware Psychiatric Center - Jane E. Mitchell forensic unit, under policy D-05.1, recorded on TRC log during the reporting period
Total # of Eligibility and Enrollment Units (EEU) completed	# of Eligibility and Enrollment Unit (EEU) applications completed and submitted to the EEU for approval and assignment of appropriate services after discharge during the reporting period
Total # of Sexual Offenders Served	# of offenders taking part in sexual offense related counseling services during reporting period
Average Daily Population	Average daily population during reporting period
